

CURRICULUM VITAE

Professor Dr Gurjeet Kaur, Malaysia

Gurjeet obtained her Doctor of Medicine, M.D (1989) and MMed(Pathology) (1996) degrees from Universiti Sains Malaysia (USM). She began her career as a histopathologist with the Ministry of Health Malaysia before joining USM in 1998. In USM she has served as a lecturer at the School of Medical Sciences, Kelantan, then moved to Advanced Medical & Dental Institute, Kepala Batas, and is currently a Professor at Institute for Research in Molecular Medicine (INFORMM), USM Penang campus. Her research interests are in understanding molecular pathways involved in carcinogenesis and identification of cancer biomarkers associated with gynaecological and colorectal cancers. Gurjeet also offers histopathology reviews on animal - based research. Gurjeet has over 70 international publications and a book chapter. She has also supervised many MSc and PhD students.
