

## **CURRICULUM VITAE**

### **Dato Dr Mohamed Ibrahim Wahid, Malaysia**

Dato' Dr Mohamed Ibrahim A. Wahid is the Medical Director and a Consultant Clinical Oncologist at Beacon International Specialist Centre, Petaling Jaya.

Dr Mohamed Ibrahim received his Bachelor of Medicine, Bachelor of Surgery (MBBCh) degree from the University of Wales, College of Medicine and his postgraduate specialist degree from the Royal College of Radiologists in London, United Kingdom (UK). After being trained in the UK, he returned to Malaysia and set up the Cancer Unit at the University of Malaya Medical Centre (UMMC) where he was appointed as the Head of Clinical Oncology before joining Pantai Medical Care and later joined Beacon International Specialist Centre in 2008.

In 2010, Dr Mohamed Ibrahim was appointed as the President of the Malaysian Oncological Society (MOS) and became President of the Asia Pacific Federation of Cancer Congress (APFOCC) in 2011. He was also the President of the South East Asia Radiology Oncology Group (SEAROG) from 2011 to 2013 and a Regent for South East Asia's International Association for the Study of Lung Cancer (IASLC). Dr Mohamed Ibrahim currently serves as the Vice President (Oncology) for the College of Radiology, Malaysia.

His fields of interest include lung, breast, head and neck, urological and gastrointestinal tumour. Apart from his role as a stereotactic radiotherapy & SBRT specialist, Dr Mohamed Ibrahim pioneered the development of high technology radiotherapy treatment in Malaysia.

Dr Mohamed Ibrahim has contributed to over 50 journals and publications and is a speaker at local and international oncology conferences, public and media forums as well as health programmes in Malaysia and SEA.
